

# LIFETIME® HAY WAGONS

www.GLNause.com

25' Shown with Optional Squeeze Racks

"100% satisfied! Suits my needs great, for my 300 acres of forage. These are the only type of beds I will ever purchase again in the future. They will last forever!"

-K. Fear - Akron, IN

"The Lifetime Wagon beds are a unique product with many applications."

-S. Dinsdale, Dinsdale Farm & Equipment - Silver Lake, OR

"Very pleased with the beds. Purchased my first in 2006 at the Sunbelt Ag Expo and just recently purchased 3 more. They work great with my hay & cattle operations, multi-purpose!"

-H. Phatt, CC Cattle Corp. - Madison, FL

"The name says it all, Lifetime! Beds I'll never have to replace. As they say 'Buy 'em Once, Buy 'em For Life!'"

-K. Keech, Keech Cattle Co. - Story City, IA

"I had several conversations with the company prior to purchasing. Very professional, knowledgeable and prompt to respond. Upon receiving, found the beds to be well represented, very durable and work well with my operations. These Lifetime wagon beds will last years beyond my working life on this ranch. Very pleased!"

-R. Wilkerson, Wilkerson Ranch, Inc. - Cambridge, ID

"During harvesting we use our beds to haul seedlings in apple crates back and forth to the packing house. The expanded metal flooring allows dirt droppings to fall through, less mess! The beds work great with our nursery operations."

-M. Mohrland, Badger Evergreen Nursery - Allegan, MI

# HAULING HAY HAS NEVER BEEN EASIER.

*Buy 'em Once, Buy 'em For Life!*

## HOT DIPPED GALVANIZED STEEL

# LIFETIME® HAY WAGONS

www.GLNause.com

**Quality, "Built to Use, Built to Last"...  
Buy 'em Once, Buy 'em For Life!**

**Lifetime® Hay Wagons** are built entirely from steel. After fabrication, the entire bed is hot dipped galvanized, a coating that "will not rust". **Lifetime® Hay Wagons** are offered in a **Heavy Duty Model** measuring 8'-6" wide and a **Regular Duty Model** measuring 8'-3" wide, both available in lengths from 14' to 32'. Compatible with all standard running gears. Running gears are available as an option.

**Regular Duty Beds** have 3½" x 4" angle side rails, with stake pockets and tie rail on the front only.

**Heavy Duty Beds** have 6" formed channel side rails, with stake pockets and tie rail on front and both sides.

**Lifetime® Hay Wagons** are not just a wagon, they are multi-purpose. Ideal for operations using hay accumulators. Allowing you to haul small, large, square or round hay bales. Working well with cattle ranchers, tobacco farmers, nursery operations and many other flat bed uses. A hay wagon you can re-sell and one that "will continue to last a LIFETIME®!"

## Lifetime® Hay Wagon Options

Bolt on **Back Rack Assemblies** that adjust forward and backward. Available in heights of 36", 54", 72" and 90". Front racks are also available. Both racks are interchangeable.

**Front Round Bale Stops** for hauling round bales. They Fit into the front stake pockets.

**Rear Hitch Assemblies** that bolt on, make it easy to hitch and pull a second wagon in tandem.

**Reflective Tape & Light Kits** are recommended for safety purposes.

The Standard expanded metal grating flooring eliminates chaff build up, mold, load shifting and enhances drying while loaded.
