HOT DIPPED GALVANIZED STEEL

Lifetime® Hay Wagon Feeder Kits

An economical way to feed your cattle in the winter and haul hay in the summer, simply bolt on a **Feeder Kit** for a fraction of the cost of a feeder wagon. Available on 20' and 25' models. Other lengths also available.

Bolt on **Feeder Kits** allow you to convert your flat wagon into a hay feeder wagon. The feeder sides slide in & out extending from 8' to 12'-6" wide, allowing for multi-width bales to be fed. The sides also fold down for easy loading.

Quality, "Built to Use, Built to Last"...
